Ithaca FD  
Database Structure Report

This table is almost entirely redacted with black bars. It consists of two columns of data, two vertical dashed lines, and a few small black rectangular markers on the right side. The first column contains approximately 40 rows of redacted text, with varying lengths. The second column contains approximately 40 rows of redacted text, also with varying lengths. The vertical dashed lines are located on the right side of the table, and the small black markers are scattered along the right edge.

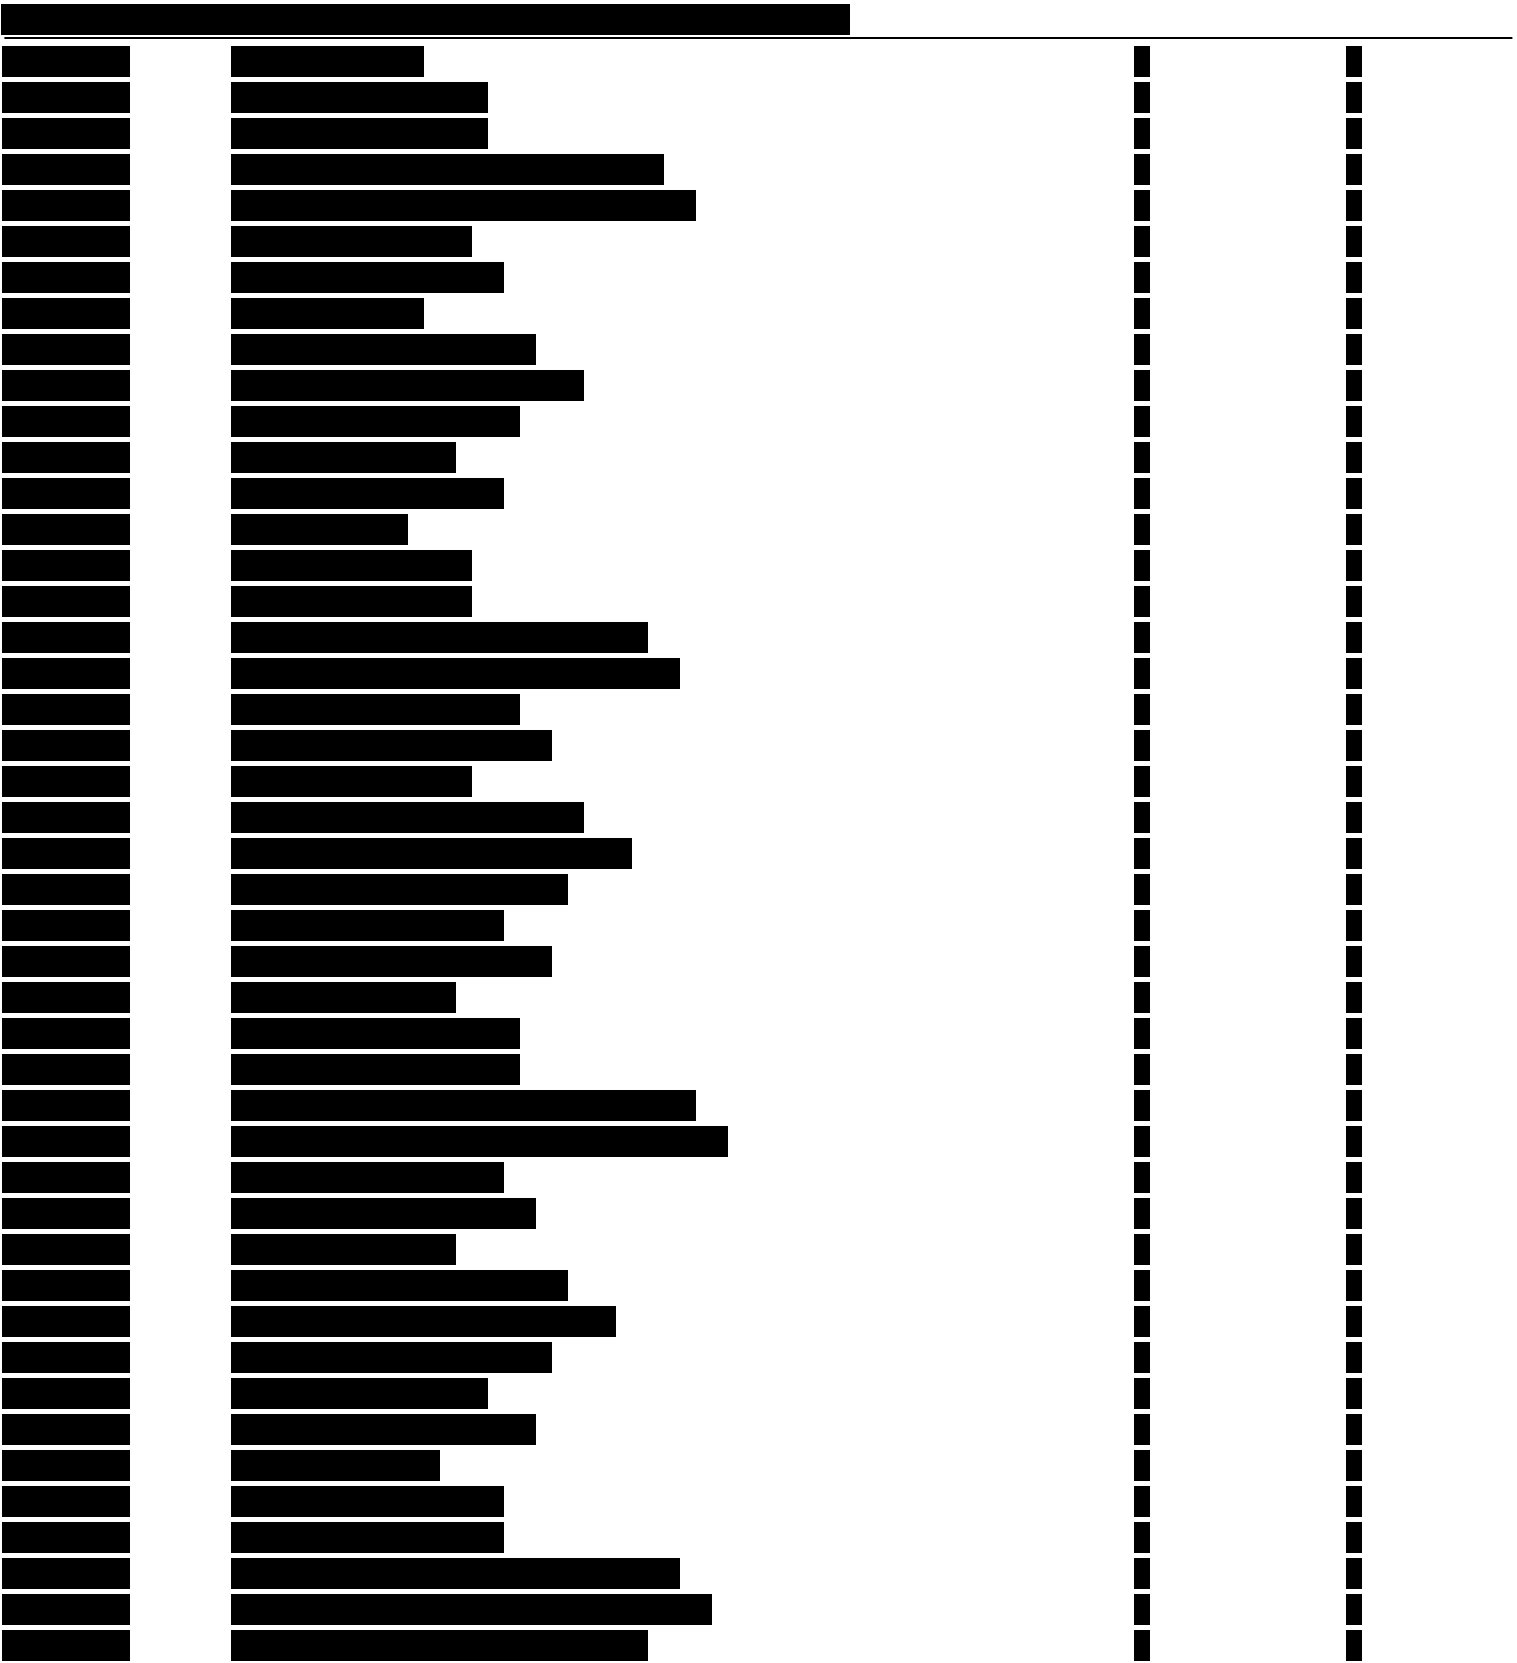

Ithaca FD  
Database Structure Report

The table displays two columns of redacted data. The first column contains 35 rows of blacked-out text. The second column contains 35 rows of blacked-out text of varying lengths. To the right of the data columns are two vertical dashed lines, each consisting of 35 segments corresponding to the rows of the table.

Ithaca FD  
Database Structure Report

---

The table is redacted with black bars. It features two vertical dashed lines on the right side. The redaction covers all text in the table, including headers and data rows.
